PROFILE

I am excited to join the IT field as a Junior Full-Stack Developer such that I can implement the skills and experience that I have learned. My goal is to become a master of all things computing by immersing myself in diverse projects and expanding my knowledge base. I am motivated by the opportunity to gain hands-on experience and collaborate with experienced professionals, further enhancing my skills and expertise.

WORK EXPERIENCE

Business Lounge Manager

Collinson Group

2021 - 2022

- Monitored and maintained inventory levels of supplies, amenities, and food and beverage offerings, and placed orders as necessary.
- Coordinated with vendors and suppliers to ensure timely delivery of goods and services.
- Analyzed customer feedback and market trends to identify areas for improvement and implement appropriate strategies.
- Ensured exceptional customer service by maintaining high standards of hospitality and resolving customer issues or complaints.

Head Residence Concierge

The Ritz-Carlton, Astana

2020 - 2021

- Managed and oversaw the concierge operations within a residential property, ensuring the highest level of service to residents.
- Coordinated and managed resident requests for various services, such as housekeeping, maintenance, package deliveries, and event planning.
- Implemented and enforced standard operating procedures to ensure consistent and efficient delivery of concierge services.

PROJECTS

Multiple Choice Quiz App

- Implemented a user-friendly interface, allowing seamless navigation through the quiz. Incorporated a dynamic score count feature, providing real-time updates and motivating users to strive for higher scores.
- Implemented an interactive quiz format, enabling users to make choices and receive immediate feedback. Incorporated hints functionality, providing valuable educational assistance for users to enhance their learning experience.

Portfolio website

- Utilized CSS and HTML to create a visually appealing and user-friendly website. Implemented a responsive design, ensuring optimal viewing experience across various devices and screen sizes.
- Crafted an intuitive navigation system, allowing visitors to easily explore different sections of the website, including an about me page, projects showcase, skills overview, and contact information.
